Continuation of Substance of Interview including description of the general nature of what was discussed: Mr. Gagnebin was informed that the response filed 23 Dec. 2003 was sufficient to overcome the prior art rejections of record except for claim 59. Claim 59 does not appear to include the limitations suggested on page 13 of applicants' response. Mr. Gagnebin proposed canceling claim 59 and replacing it with new claim 61 that includes the limitations of dependent claim 45 previously indicated as being allowable. It was agreed to make the changes by Examiner's Amendment..
